

Wellesley College - Spring Semester Term 3

MATH 123 - Math and Politics

Prof. Ismar Volić

How can a political candidate win the majority of votes yet lose the election?

How does the shape of a voting district affect whom its inhabitants elect?

Can we measure and quantify the power of the President of the United States?

If you are interested in learning the answers to these questions and much more, this class is for you!

Details:

- Open to all class years
- Satisfies the math modeling requirement
- Only prerequisite is algebra
- On campus
- MTRF 11:30-12:45 est
